A THOUSAND KNIVES OF FIRE

“the last train to scornsville”

If there had been ashes from the demise of **Halfway to Gone** than **A Thousand Knives of Fire** would have risen screaming from them. But as **HTG** isn't so much gone as on permanent vacation then **A Thousand Knives of Fire** is more like a diabolical plot by **Halfway's** guitarist **Lee Stuart** and longtime friend & drummer **Bob Pantella (Raging Slab, MonsterMagnet)**. A plot to start a kick ass rock band who's main focus would be on spreading the Gospel of Rock to a public that is desperate for something great. The reverend of rhythm **Taj Briggles** was quickly added on bass to preach the virtues of low end as well as **Paul Wiegand** who was enlisted for his unique ability at the guitar sermon.

Less than a year old and this quartet of Jersey's finest have already been preaching the gospel on stages up and down the eastern seaboard. Playing with the likes of **Bongzilla, Stinking Lizavetta, Weedeater, Moist Boyz, & Solace** in preparation for their first US tour this Winter & Spring. It seems their goal of taking it back to the people has already begun to be realized. The list of the converted and the born again continues to grow. Look for these real giants from New Jersey to take it all the way gone with "**The Last Train to Scornsville**" soon to be released on Small Stone Records. File under RAWK!
