LOS NATAS

"El Nuevo Orden De La Libertad"

Somewhere in the jungles of South America a tree is still standing. Somewhere in the slums of Buenos Aires a child learns to read. Somewhere south of the equator the spirit of rock and roll burns ever vigilant. A spirit calls to us across many borders and many hundreds of miles. A call to create, a call to repair, a call to manifest a power to make things right in the world. This is not an album, it's a call to arms. This is not music, it's the sound of a revolution. This is **"Nuevo Orden De La Libertad,"** The New Order of Liberty. Ten new tracks from Argentina's prodigal sons of real rock and roll, **Los Natas**.

When grunge ruled supreme, **Los Natas** were just finding their way out of the third world and into the underground. They paid their dues like any other band, but paid them ten fold for being from South America. Countless albums (several released on Man's Ruin), singles, E.P's and contributions to compilations have been scattered across three continents forming the foundation for the reputation these Latin son's have created. A reputation that spawns the globe and they're not modest about any of this. They have received critical acclaim in **Rolling Stone** (3+ stars), **Metal Hammer**, **Kerrang!**, **Alternative Press**, and have shared the stage with **The Stooges**, **Queens of The Stone Age**, **Samiam**, and **Motorhead**.

"Nuevo Orden De La Libertad," is the album we've always known that **Los Natas** could make. Thick, heavy, psychedelic swirlings that combine the best of both worlds these Latin son's inhabit. One foot firmly set in the heyday of 1960's rock and roll fury, the other planted squarely in their South American roots. Produced this time by **Sergio, Patricio Claypole** & the band at both Monsterland and El Attic studios in Buenos Aires **"Nuevo Orden De La Libertad,"** produces a confident picture of a band coming into it's own. Latin Heavy Psych, as the boys call it, has never sounded so fresh and new, yet so familiar. A new album can mean only one thing from **Los Natas**, a whole new round of globetrotting. Anywhere you look in the world may show a glimpse of **Los Natas** this year. Wherever the call is heard the band must go, The New Order of Liberty, **"Nuevo Orden De La Libertad."**
